"Lone Ranger" Sponsored By Bread Company

In the few weeks since "The Lone Ranger" first went on the air here in Southern California, under the sponsorship of the Weber Baking Company, this dramatic sensation has already become a favorite feature of thousands of Southern California families, according to reports.

The stirring adventures of "The Lone Ranger" are broadcast every Monday, Wednesday and Friday evening from 7:30 to 8 on KJL and other stations of the Mutual-Dor-Lee Broadcasting System. These are not recordings—every program is enacted by the original cast in person and comes direct from eastern studios of the Mutual Broadcasting System over special leased wires. Each broadcast is a complete story in itself and appeals to every member of the family.

County School Election June 4

May 20 is the final date for nominating petitions for school trustee member of the board of education to be filed in the office of the county superintendent of schools. The election is June 4. There are 103 elementary school districts in the county, and 14 high school and union high school districts, each of whom elect one new trustee annually on June 4. Deadline to register in order to vote at the elections was April 24.

Everyday Cooking Miracles

BY VIRGINIA FRANCIS
Director, Hotpoint Electric Cookery Institute

"In the spring a young man's fancy" may turn to thoughts of love, as the poet says, but in this practical age his "fancy" is more apt to turn to thoughts of the delicious dishes that the season ushers to the table. As a matter of fact, don't we all look forward to the first

It takes little time to make delicious Rhubarb Cheese Pastry Tarts in a modern electric range.

strawberry shortcake or the first tender-juicy morsel of spring lamb fragrant with mint sauce? And the first dish of succulent stewed rhubarb after the winter's heavier dishes is as refreshing and welcome as a sea breeze on a sultry day.

Speaking of rhubarb, here is a perfectly grand way to serve this luscious pink fruit—Rhubarb Cheese Pastry Tarts. With your miracle electric range you can prepare them in no time at all. The rhubarb will cook in double-quick time on the new flat-top Calrod units of the Hotpoint electric range; and the cold oven cookery made possible by the miracle oven eliminates one step in your baking procedure—that of preheating the oven. Let's start with the pastry recipe first for it's the foundation of this dessert.

Chesse Pastry
(Makes 8 small tart shells)
1 3/4 cups general purpose flour
1 teaspoon salt
1/2 cup shortening
Cut in the shortening and add the

Tender-made Ham is Real Time-saver

Thanks to specially processed ham, now on the market, the homemaker is no longer forced to grind up or boil ham butts or shanks with cabbage or other vegetables, in order to utilize them.

Strangely, there is nothing tough or stringy about these once lowly parts of ham, because a new exclusive secret process makes this new Wilson's Tender Made Ham "fork tender" from end to end. The butts

with the evenly browned tarts that the controlled heat of the cold oven "bakery" method turns out. And now, here is a "very special" rhubarb filling for these tart shells:

Rose Rhubarb
2 cups rhubarb (cut in 1" pieces)
1/4 cup sugar
1/4 cup boiling water
Cook rhubarb, sugar, and boiling water on the high heat of the Calrod surface unit for 5 minutes, then switch to low for 5 minutes. Add tapioca, stir well, cook 15 minutes longer on low heat. Remove from heat unit, add orange juice; cool. Fill baked tart shells, top with whipped cream or meringue.

Notice how the flexibility of the heat from the flat-top Calrod unit puts surface cookery on a scientific time basis. There's no guesswork about it! And incidentally, pans fit these new flat surface units so snugly that not only is the cooking process speeded up, but fuel and time are saved as well.

make an economical and delicious baked or roast ham—just the right size for the small family. The shanks may be sliced for cold cuts or make just as tender ham sandwiches as one could wish.

In fact, this new ham has many advantages that completely change one's ideas about ham and ham cookery. For instance, Wilson's Tender Made Ham is a time saver, because it can be sliced and served just as you buy it, and is actually so tender you can cut it with a fork. As no cooking is necessary to make it tender, it follows that baked ham, ham

Electric Ranges Most Efficient, Miss Baker Says

Tomorrow's final session of the All-Electric Cooking School being held at the Civic Auditorium will have an entirely new program, and will offer more free prizes. The Herald is sponsoring this modern cooking forum. The class will begin promptly at 2 p. m. All homemakers are invited to be present.

A wonderland of menu possibilities, entered when the scientific certainty of electric range cooking is added to the homemaker's individual artistry, was disclosed to the large crowd of interested women who attended today's cooking school.

"While there never will be any substitute for the personal touch in cooking," Miss Nancy Baker said in commenting on this afternoon's class, "an electric range is an efficient helper, making good cooks better ones. If an electric range had a middle name, it would be 'accuracy.' An all-electric kitchen is a modern kitchen, thoroughly up-to-date in beauty, comfort and convenience. Electrical service brings modern charm into the kitchen, making it as beautiful and convenient as any room in the house.

"Home routine revolves around meal preparation. With the perfection of so many electrical cooking appliances, kitchen duties are simplified and home management becomes easier. There was a time when many women felt sorry for themselves because they had no servants. The modern woman does not need extra help because electrical work-savers have relieved her of much tedious work, given her more leisure to spend in any way she pleases."

"Sick Leave" is Broadened by County

Employees of county fire protection districts in Lomita and other sections of the county will not be docked for more than the first day of absence from their employment in case of sickness or injuries not arising from their employment, under an order adopted by the board of supervisors this week.

steak and other hot ham dishes may be prepared in about 1-1/2 to 1-3/4 the time usually allowed for cooking ham.

CHARLIE SAYS...

"May Time is Refrigerator Time. And the month of May is the time when all far seeing citizens look to summer with its many hot days and wish to high heaven they had bought that Stewart-Warner Refrigerator."

"Because a Stewart-Warner Refrigerator keeps food cold and well preserved thru the hottest weather; husbands keep their tempers (when they aren't served sour cream on their breakfast cereal); wives keep their husbands."

"And despite the alterations that are now making a two-story skyscraper out of our building, we are still VERY much in business and selling more Stewart-Warner's than ever before."

"Yours for Stewart-Warner,
"Charlie LeBoeuf."

Only WILSON & CO. Makes Tender Made Ham

My Family Demands WILSON'S SECRET PROCESS Tender Made Ham AT LEAST ONCE A WEEK

"THE HAM YOU CUT WITH A FORK"

TENDER MADE HAM STEAK DELUXE
Place a Tender Made Ham steak, cut 1 to 1 1/2 inches thick, in a shallow greased baking pan. Spread it with a mixture of 1/4 cup brown sugar and 1/4 cup peach juice. Dot ham with whole cloves. Heat in a very hot oven (450° F.) approximately 12 minutes. Turning is not necessary. Garnish with peach halves, topped with fresh strawberries and parsley. Serve at once.

Wilson's Tender Made Ham heads the list in thousands of homes today as a family favorite. It's the most outstanding success in the whole history of ham processing. And it's the new and exclusive Wilson Secret Process that does it. Don't miss this sensational improvement. See your Wilson dealer at once. Genuine Tender Made Ham now comes with the bone in and also sealed and cooked, in whole, half, and quarter ham tins.
